DIPC

Oracle Data Integration Platform Cloud

Oracle Data Integration Platform Cloud (DIPC) brings together all the critical capabilities of a complete Data Integration, Data Quality, and Data Governance solution into a single unified cloud-based platform.

Features

- Unified Platform for Data Integration
- Heterogeneous Integration
- Zero downtime Data Migration and Pushdown E-LT / ETL
- Data Governance improved trust in data

Integration

This fully integrates Autonomous Data Warehouse Cloud with Oracle Analytics Cloud using Oracle Data Integration Platform Cloud.

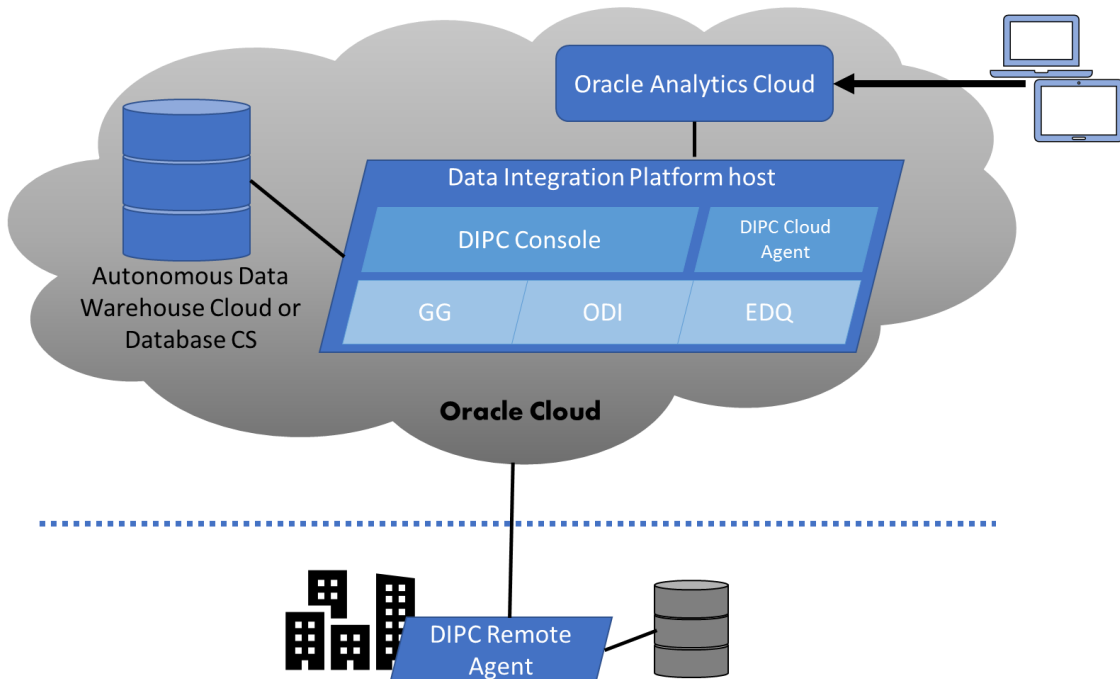

End-to-end

Options

There are a number of delivery options available including Fixed Scope Offerings (FSOs).

We are happy to share and step you through these FSOs at your convenience.
